Head – TIR and Trade Facilitation
IRU

List of drugs and substances under the control of the International Narcotics Control Board (INCB)

Dear Mr. Retelski,

Please find enclosed copy of the letter of Mr Dashtani D.G. of office of transit and control of IRICA who has listed the name of particular goods which for import and export requires permit from the Ministry of health, treatment & Medical Education.

In addition, the customs has emphasis that the name of such goods must correctly and completely with international tariff number be mentioned in TIREPD, otherwise from the view of customs the goods will be considered as un-declared and may be seized.

You may kindly requested to inform the issue to all member Associations.

With best regards.
